Question 2 What legal documents are required for this application?

Answer 2 We prefer not to specify every document because every organization may have some differences in their permit documents (organization types, areas of operation, etc.). We also expect every applicant have had full understanding on whether or not their organization has been legalized to operate and more specifically to receive funding from other institution for their operation. All the original legal document will be reviewed during the pre-award, if that organization is selected as one.
